These benefits require you and/or your family to reach payment maximums, labeled "Plan's Maximum," before your plan pays a greater share of the cost. These maximums can be reached in two ways: when you've satisfied your individual maximums, or when your family has met it's maximums. Payments made by members are credited both to their individual Amount Satisfied and to the family's, up to the individual maximum amount. Individual maximum requirements are waived when your family maximum is reached. The amount satisfied column will read "Met" if an individual or family maximum is reached.
